agenda — nextweek

!! make an agenda ⟶ =Discuss=
oo - project ⎫plan
- Questions - program ⎭
- what will do this
week ?

* add versions when sending documents

- archive with GIT
  ↳ updates of docs

! Responsability assignment

○ Refference for "the" ᵐᵃⁱⁿRQ from ⎱ x
the programme plan ⎰ programme
⟹ APA Refferencing plan

○ Technical details about the interface
so we can use their app. and
make a connection @ end

Research Report

● number the Subqs
○ Methodology — how we solve subq
  ↳

● project planning/weeks

①

- Choose 1 person for each Role
- Work division / group member
- citation / refference for moscow
  - refference = main RQ from the doc from Harald

* typo on the table

~~~~~~~~~~~~~~~~~~~~~~~~

=Questions=

1. App look
   - parameters to play arround
     - if change # of foxes what will look like
   - outcome as a graph - depending on the variable input.

(2)

2. reffer to the grading

3. ask harald

4. yes

5. missing data
   ↳ make assumptions
   ↳ "we assume this..."
   Growth of grass - last year
